▲ ATLAS Fix User Interface

▲ ATLAS Inspect User Interface

ARORA ATLAS®

Integration and Mobile Platform

Arora ATLAS®* is an enterprise level suite of products that integrate seamlessly with IBM's Maximo® or Maximo Application Suite (MAS) Manage Enterprise Asset Management Software to simplify and enhance asset management through the convergence of asset data and location services. The mobile products are part of a single, easy to use application. Enable as many, or as few, as you need with the click of button.
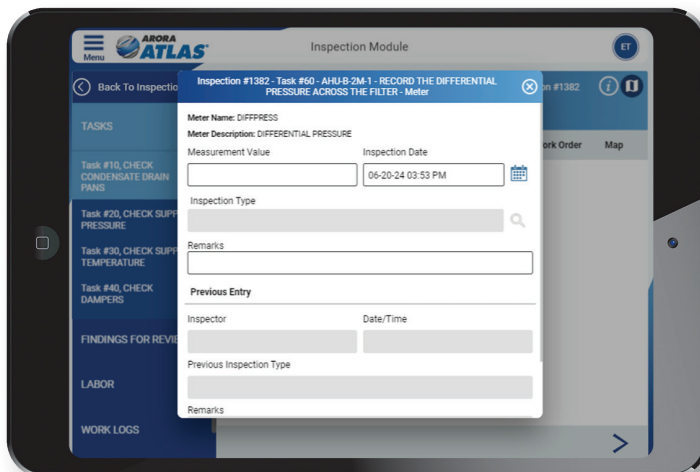

Arora *ATLAS® Fix*

ATLAS Fix is a mobile work order solution with easy to use screens so technicians can focus on turning wrenches.

Arora *ATLAS® Inspect*

ATLAS Inspect is a mobile inspection solution that tracks checklist progress, observations, and resulting work orders to completion.
